SECTION II - ORGANIZATION LISTING	1

Contains active organizations of the USAF activated or organized, listed by type (commands, air forces, divisions, wings, groups, etc.) and therein by alphabetical and numerical sequences. Unit APO is indicated as appropriate. For complete description of location and mailing address (other than APO) for any listed organization refer to SECTION III - STATION LISTING - WORLD-WIDE.

SECTION III - STATION LISTING - WORLD-WIDE

1. Location listing at which air force units are based, arranged alphabetically by location name.

a. Continental U. S.	82
b. Overseas (includes Alaska and Hawaii) - by countries and islands.	89

2. Air Force units by location. Fields, Bases and Stations, alphabetically arranged by the first letter of location description (e.g. James Connally AFB will appear under "J" - Camp Springs under "C" and Fort George G. Meade under "F") additionally indicating, as appropriate, the mailing address thereof. Organizations within each location are arranged alphabetically and/or numerically with further address information, as appropriate, added parenthetically after unit designation. Whenever a detachment of a group or organization of higher echelon designated with a "Hq" as shown in SECTION II is listed in this section as, for example, "97 Bomb Wg, Hv--Det 1", the detachment is of the "Hq" of the wing only and not of the whole wing as an establishment.

Each unit is assigned to the organization to the right of which it is indented. Those listed in line directly under the major air command or sub-command are directly assigned thereto. Air Force Reserve organizations are listed separately under their echelon of assignment.

ARMY AND AIR POST OFFICES

SECTION-IE

1. The following is a compilation of the geographical location of each operating Army or Air Post Office. It is not intended to necessarily reflect the proper APO of address for a unit known to be located in a given area. The correct military address of a unit may be found in other sections of this Directory.

2. The geographical location will not be used in combination with an APO number as mail matter would be subject to International Postal rates. Information as to the location of one or a group of APO's may be treated as unclassified whenever the releasing official determines that such disclosure is not sufficient to establish Order of Battle nor prejudicial to the defense interest of the nation.

3. The proper official address on matter intended for delivery through the Army-Air Force Postal Service will include these elements:

a. Name of individual and/or military title.

b. Organization to which directed.

c. APO of address and appropriate U. S. city and state.
