The U.S. Air Force Installations Directory comprises installations owned, operated, jointly used or currently available for use by the U.S. Air Force outside continental U.S., which are active, inactive or on caretaker status.

The U.S. Air Force Installations Directory has been compiled from; information developed in field surveys, reports on file in this headquarters, reports furnished by National Defense agencies, real property records, activity and status reports, and station housing reports presently being submitted by the overseas commands in compliance with WD Memo 35-6520-3, dated 2 October 1946, AF Regulation 93-2, dated 2 September 1948, and AF Regulation 15-132, dated 27 January 1947.

Attention is invited to the fact that information as received from different sources varies considerably. All available information has been used and data presented herein is considered the most recent and reliable that can be obtained.

Installations in the Airfield section of the Directory are designated by Classification, Category and Status. Classification is in accordance with AFR 85-1, dated 19 December 1949, P,S and M indicating primary, secondary and minor USAF installations, O a U.S. Government installation other than Air Force and N a non-U.S. Government installation being utilized by USAF. Installation Category is the suitability of an installation for retention in Air Force programs and for construction and expansion as determined by the Air Force Base Development Board. Installation Status is indicated by symbols A active and I inactive.

The 15 March 1946 issue, of the U.S. Air Force Installations Directory, is the master list of all Air Force installations outside the continental limits of the United States; used, constructed or improved for or by the USAF during the course of World War II, and should be retained for reference purposes.

In order that information contained herein may be kept currently accurate, it is requested that page C of this directory be used to report corrections, additions or deletions.
