

Real Property  
USAF Installations Directory (Worldwide)

This installations directory contains all separately located and defined areas of real property in which the Air Force exercises a real property interest. It has been compiled from the USAF Installations Characteristics reports, submitted by the Major Commands in accordance with AFM 87-18, and reflects the latest information contained therein. Major Commands will submit additional or corrected information on AF Form 1192, USAF Installations Characteristics Report, to be incorporated in the next issue of the directory. The information in this directory is current as of 30 September 1985.

BY ORDER OF THE SECRETARY OF THE AIR FORCE

(7) Type of Installation:

Air Force installations are divided into five types. These types and codes are as follows:

- P - Primary
- A - Auxiliary
- O - Off-Base
- L - Detached/AF Leased
- D - Detached/Other

(C) Classification of Installation:

for this publication each Air Force installation is classified into one of six groups by Headquarters USAF. These groups and codes are as follows:

- A - Major Installation
- P - Auxiliary Air Field
- M - Missile Site
- E - Electronic Station or Site
- K - General Support Annex
- G - Air National Guard
- X - Inactive Installation

(S) Status of Installation

Each Air Force installation is assigned a status under one of the following:

- A - Active
- I - Inactive
- E - Excess
- S - Industrial Standby
- U - Under Construction

NOTE:

Codes under type and status of installation are described in AFR 87-5. Codes under classification are described in AFR 700-20, ADE PR 661. The type, classification, and status of installations are reflected in Section I and Section II of this publication and are identified by "I", "C", and "S" in the columnar heading.
